

MRI Ergonomic Linen Hamper

This MRI Linen Hamper is designed to be used with in the MRI scanner room.

- No Lift Bag Removal - Bags are removed by releasing them from the Wrap-n-Snap brackets and pulled horizontally from underneath. Eliminates excessive bending and lifting.
- Foot pedals standard
- Silent Hands-Free Closure with Soft Close Feature
- Easy Clean Surfaces, no nooks or crannies to collect dirt.
- Use the bag of your choice - Securely holds any bag with 18" diameter opening with 32-gallon capacity. Ideal for transparent bags to see what is in it.
- Solid large base provides full support for heavy loads and eliminates bag dragging.

Specifications:

- 19.7" W x 25.2" D x 39" H
- Weight 30 Pounds
- MR 7T Conditional

Item Number: 03-LH41
